RE: Fund Raising Cruise to Bermuda: April 29 – May 6, 2012

Enclosed is a flyer on the upcoming Masonic Organ & Tissue Donor Awareness Program fund raising cruise to Bermuda, 'The Pastel Paradise.' The cruise will have special features, such as complimentary walking tours of the oldest town on the island, St. George's, and of Bermuda's only city, Hamilton. The Holland America Veendam is the ONLY ship which is allowed to dock in Hamilton, in front of all the shops on Front Street. Each passenger (or family) will also receive a photo CD of the entire cruise. The cruise will be tour directed by myself, who has brought groups to Bermuda 31 times in the past 25 years. We'll also be attending lodge in Bermuda one evening during our stay. It promises to be an unforgettable experience.

Proceeds from the cruise will benefit your Masonic Organ & Tissue Donor Awareness Program, as well as Donate Life Connecticut. With the money raised, we will be able to purchase the items necessary to effectively spread our lifesaving message of organ/tissue donor awareness and registration.

If you would forward the attached flyer to the members on your lodge email distribution list, and post it in the lodge, we would be most appreciative. You could also post copies of the flyer around your community.

Thanks in advance for your assistance with our fund raiser.

Fraternally,

Richard F. Denno, Chairman

Masonic Organ & Tissue Donoe Awareness Program
